(1) How to Play LUCKY MONEY™

(a) LUCKY MONEY is a lottery online terminal game in which players select four (4) numbers from a field of one (1) through forty-seven (47) and one (1) Lucky Ball™ number from a separate field of one (1) through seventeen (17).

(b) Players may make their LUCKY MONEY ticket selections by marking a play slip or by telling the retailer their desired selections. There are five panels on a play slip, each containing an upper play area and a lower play area. Each panel played will cost $1.00 per drawing. Players may mark their desired numbers on the play slip by selecting five (5) numbers (four (4) in the upper play area and one (1) in the lower play area) from each panel played, or may mark the “Quick Pick” box located at the bottom of each panel for the terminal to randomly select any or all of the five (5) numbers from either or both play areas. A “Void” box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel. For each panel played, the first four (4) of the five (5) numbers appearing in a single horizontal row on a LUCKY MONEY ticket shall be the numbers selected from the upper play area of the play slip and the last number shall be the Lucky Ball number selected from the lower play area of the play slip.

(c) Players may mark the $5 “Quick Picks for next draw” box to receive one (1) ticket with five (5) sets of five (5) randomly selected numbers for the next LUCKY MONEY drawing, or may mark the $10 “Quick Picks for next draw” box to receive one (1) ticket with ten (10) sets of five (5) randomly selected numbers for the next LUCKY MONEY drawing. Players may mark Quick Picks in addition to panel plays. Players must use only blue or black ink or pencil for making selections. Play slips may be processed through a Florida Lottery vending machine or processed by a retailer to obtain a ticket. Retailers also are authorized to manually enter numbers selected by a player.

(d) For a chance to win cash prizes instantly, players may mark the EZmatch™ box at the bottom of each panel played or may mark the EZmatch box on the left portion of the play slip to apply EZmatch to all panels played.

(e) Players may play up to thirty (30) consecutive LUCKY MONEY drawings by using the “advance play” feature. To use the advance play feature, players may either mark the number of drawings desired in the “Advance Play” section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive drawings marked will include the next available drawing and will apply to each panel (A-E) played. Advance play is not available with the “Quick Picks for next draw” box on the play slip. In the event that a planned
change in the LUCKY MONEY game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Lottery’s website, flalottery.com.

(2) LUCKY MONEY Drawings.

(a) LUCKY MONEY drawings shall be conducted two (2) times per week, on Tuesday and Friday.

(b) A LUCKY MONEY ball set contains sixty-four (64) balls comprising one (1) subset of forty-seven (47) balls (“subset 1”) and one (1) subset of seventeen (17) balls (“subset 2”). The balls in subset 1 are numbered one (1) through forty-seven (47). The balls in subset 2 are numbered one (1) through (17) seventeen. A LUCKY MONEY drawing machine contains two (2) separate mixing chambers and two (2) ball display devices.

(c) Four (4) balls from subset 1 and one (1) Lucky Ball from subset 2 will be selected in the drawing. The numbers shown on the four (4) balls and the number shown on the Lucky Ball, after certification by the Draw Manager and the Accountant, shall be the official winning numbers for the drawing.

(d) The Florida Lottery shall not be responsible for incorrect circulation, publication or broadcast of official winning numbers.

(3) LUCKY MONEY Prize Divisions.

(a) LUCKY MONEY is a pari-mutuel game. For each draw, 50 percent of net sales (gross sales less cancels and free tickets) from the sale of LUCKY MONEY tickets in the corresponding LUCKY MONEY sales period shall be allocated as the winning pool for the payment of the Jackpot prize, second prize, third prize, fourth prize, fifth prize, sixth prize and seventh prize.

(b) Jackpot Prize.

The Jackpot prize pool shall consist of 54.32 percent of the winning pool plus any money carried forward from the prior draw until the Jackpot prize pool reaches the estimated cash equivalent of the deferred payment value of $2 million paid over twenty-five (25) years, at which point the Jackpot prize pool will be capped. When this threshold is met, the Jackpot prize pool will comprise zero percent of the winning pool in excess of the cap, and any money in excess of the cap shall roll down and be distributed among the second through the seventh prize levels according to the percentage each prize level comprises of the adjusted prize pool. The total winning prize pool, less the amount required to achieve the cap (not to exceed 54.32 percent of the total winning prize pool), shall comprise the adjusted prize pool.
1. If there is a Jackpot prize winner(s) in a drawing, the guaranteed Jackpot prize shall be divided equally among the Jackpot prize winners for that drawing.

2. If there is not a Jackpot prize winner in a drawing and the Jackpot prize pool is not capped, the Jackpot prize pool shall be carried over and added to the Jackpot prize pool of the next LUCKY MONEY drawing.

3. If there is not a Jackpot prize winner in a drawing in which the Jackpot prize pool is capped, the capped amount shall be carried over to the next LUCKY MONEY drawing and the money in excess of the cap shall be returned to an adjusted prize pool and then be distributed among the second through the seventh prize levels according to the adjusted percentage each prize level comprises of that winning prize pool.

(c) Second Prize.

When the Jackpot prize pool is not capped, the second prize pool shall consist of 1.72 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the second prize pool shall consist of 3.75 percent of the adjusted prize pool for the drawing. The second prize pool shall be divided equally among the second prize winners for that drawing.

(d) Third Prize.

When the Jackpot prize pool is not capped, the third prize pool shall consist of 3.77 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the third prize shall consist of 8.20 percent of the adjusted prize pool for the drawing. The third prize pool shall be divided equally among the third prize winners for that drawing.

(e) Fourth Prize.

When the Jackpot prize pool is not capped, the fourth prize pool shall consist of 11.10 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the fourth prize pool shall consist of 24.30 percent of the adjusted prize pool for the drawing. The fourth prize pool shall be divided equally among the fourth prize winners for that drawing.

(f) Fifth Prize.

When the Jackpot prize pool is not capped, the fifth prize pool shall consist of 7.84 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the fifth prize pool shall consist of 17.25 percent of the adjusted prize pool for the drawing. The fifth prize pool shall be divided equally among the fifth prize winners for that drawing.
(g) Sixth Prize.

When the Jackpot prize pool is not capped, the sixth prize pool shall consist of 9.75 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the sixth prize pool shall consist of 21.30 percent of the adjusted prize pool for the drawing. The sixth prize pool shall be divided equally among the sixth prize winners for that drawing.

(h) Seventh Prize.

When the Jackpot prize pool is not capped, the seventh prize pool shall consist of 11.50 percent of the winning pool for the drawing. When the Jackpot prize pool is capped, the seventh prize pool shall consist of 25.20 percent of the adjusted prize pool for the drawing. The seventh prize pool shall be divided equally among the seventh prize winners for that drawing.

(i) Eighth Prize.

1. An eighth prize shall consist of one free LUCKY MONEY quick pick ticket ($1.00 value), except as provided in subparagraph (3)(i) 2. below. An eighth prize shall consist of one free LUCKY MONEY quick pick ticket regardless of whether the LUCKY MONEY Jackpot prize pool is capped. Eighth prizes shall not utilize any portion of the winning prize pool or adjusted prize pool for the drawing.

2. A player who submits by mail a LUCKY MONEY lottery ticket which entitles the claimant to a free LUCKY MONEY quick pick ticket and whose mailing address is outside the state of Florida will receive a check for $1.00 in lieu of an actual ticket.

(j) If there is not a winner within one of the second through seventh prize categories for a drawing, the prize pool for that category shall be distributed for that drawing in accordance with the following table:

<table>
<thead>
<tr>
<th>PRIZE POOL CATEGORY FOR WHICH THERE IS NO WINNER</th>
<th>PRIZE POOL CATEGORY TO WHICH THE NONWINNING PRIZE POOL CATEGORY IS ADDED</th>

(k) Any rounding differences that derive from the distribution of the winning pool to the Jackpot and second through seventh prize pools will be deposited into a reserve account to be used for prizes or special prize promotions. Rounding differences will not be rolled into the Jackpot prize pool as in the FLORIDA LOTTO® game because the percentage of the winning pool allocated to the Jackpot prize pool varies depending upon whether the Jackpot prize pool is capped. When the Jackpot pool is capped, the prize distribution percentage to the Jackpot prize pool becomes 0%.

(l) Except for the Jackpot prize, all prizes will be rounded down to the nearest fifty cents ($.50); provided, however, that the sixth and seventh prizes shall be no less than $2.00. All rounding differences will be deposited into a reserve account to be used for prizes or special prize promotions. If the funds available for the payment of sixth and seventh prizes are insufficient to pay the minimum amount, the percentage described in paragraph (3)(a) above will be adjusted or funds available from any other funding source approved by the Legislature will be used to cover the prize liability.

(4) Determination of Prize Winners.

In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row on the ticket (A, B, C, D, E, F, G, H, I, or J) must match the official winning LUCKY MONEY numbers in any order for the draw date for which the ticket was purchased, in one of the following combinations:

(a) Jackpot Prize: Four numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(b) Second Prize: Four numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.

(c) Third Prize: Three numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(d) Fourth Prize: Three numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.
(e) Fifth Prize: Two numbers selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(f) Sixth Prize: One number selected from the first subset of balls plus the Lucky Ball number selected from the second subset of balls.

(g) Seventh Prize: Two numbers selected from the first subset of balls excluding the Lucky Ball number selected from the second subset of balls.

(h) Eighth Prize: No numbers selected from the first subset of balls and the Lucky Ball number selected from the second subset of balls.

(5) LUCKY MONEY Odds of Winning.

(a) The odds of winning the prizes described in subsection (3) are as follows:

1. Jackpot Prize – 1:3,032,205
2. Second Prize – 1:189,512.81
3. Third Prize – 1:17,629.10
4. Fourth Prize – 1:1,101.82
5. Fifth Prize – 1:559.65
6. Sixth Prize – 1:61.43
7. Seventh Prize- 1:34.98
8. Eighth Prize- 1:24.57

(b) The overall odds of winning a prize in a LUCKY MONEY drawing are 1:11.32.

(6) LUCKY MONEY Guaranteed Jackpot.

(a) For each drawing the Lottery will announce a guaranteed deferred payment value of the LUCKY MONEY Jackpot that can be won by a single player, based upon the estimated cash value of the Jackpot pool determined by projected and historical sales figures, current interest rates, and funds from rollovers. For each LUCKY MONEY drawing, the deferred payment value of the LUCKY MONEY Jackpot prize that can be won by a single player shall be guaranteed at a minimum of $500,000 paid over twenty-five (25) years except as set forth in paragraph (7)(e) below.

(b) For prizes to be paid in annual installments, if the cash available in the Jackpot prize pool is insufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment
period, the Lottery shall add to the Jackpot prize pool funds available from any other funding source approved by the Legislature to render it sufficient to yield the announced guaranteed Jackpot.

(c) For prizes to be paid in annual installments, if the cash available in the Jackpot pool is more than sufficient at the time the ticket is claimed to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(d) The guaranteed cash option value of the Jackpot will be the amount required on the day of the drawing or, if the drawing is held on a holiday, the business day prior to the drawing, to purchase securities to fund the announced guaranteed deferred payment value of the Jackpot. This day shall be referred to as the “prize determination day.”

(e) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is insufficient on the prize determination day to yield the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall add to the Jackpot pool funds available from any other funding source approved by the Legislature to render it sufficient to yield the announced guaranteed Jackpot.

(f) For prizes to be paid in a single cash payment, if the cash available in the Jackpot pool is sufficient on the prize determination day to yield more than the announced guaranteed Jackpot value over the designated deferred payment period, the Lottery shall deposit the excess funds into a reserve account to be used for prizes or special prize promotions.

(7) LUCKY MONEY Payment Options.

(a) Players can choose one of two payment options for receiving their portion of the LUCKY MONEY Jackpot prize. Payment options are “Cash Option” and “Annual Payment.”

(b) Jackpot prize winners have sixty days after the winning draw date to choose between the two payment options. Once the Jackpot prize winner files a claim and exercises the winner’s chosen option, the election of that option shall be final. In order to select the Cash Option, the Jackpot prize winner must submit his or her ticket for payment within sixty (60) days after the winning draw date. If the Jackpot prize winner does not file a claim electing the Cash Option within sixty days after the winning draw date, the Annual Payment option will be applied, except as provided in paragraph (7)(f) below.

(c) A Jackpot prize winner who chooses the Cash Option will receive one lump sum cash payment of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over
twenty-five (25) years, less applicable withholding taxes. The amount of the Cash Option payment to multiple Jackpot winners will be their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five (25) years, less applicable withholding taxes.

(d) If a Jackpot prize winner elects the Annual Payment option, his or her portion of the guaranteed Jackpot prize will be paid in twenty-five (25) annual installments, each less applicable withholding taxes.

(e) If the prize amount per winner in a LUCKY MONEY drawing cannot be paid in increments of $1,000 in twenty-five (25) installments, the winner’s share of the prize pool will be invested in U.S. Treasury securities that will yield the maximum amount possible over twenty-five (25) years as can be reached in increments of $1,000. If the amount the investment will yield is less than the guaranteed Jackpot amount, the present value of the difference between the amount the investment will yield and the winner’s guaranteed prize amount over twenty-five (25) years will be paid to the winner in the first payment. The provisions of this paragraph (7)(e) shall not be construed to prohibit the Lottery from investing collectively, in a single U.S. Treasury security, the prize pool shares of multiple winners of the same drawing who all elect the Annual Payment option, and distributing the prize winnings on a pro rata basis in increments other than $1,000.

(f) If the number of winners of a guaranteed Jackpot prize results in each person’s prize being less than $100,000 paid over twenty-five (25) years, the Lottery shall pay the Jackpot winners in a single cash payment of their pro rata share of the amount required on the prize determination day to purchase securities to fund the announced guaranteed Jackpot paid over twenty-five (25) years, less applicable withholding taxes.

(g) Federal income taxes shall be applied and withheld from the prize amount at the time payment is made, pursuant to applicable provisions of the Internal Revenue Code and Code of Federal Regulations.

(h) Any interest or earnings accrued on a LUCKY MONEY Jackpot prize prior to the prize payment, under either the Cash Option or the Annual Payment Option, shall accrue to the State of Florida and not to the winner.

(8) How to Play EZmatch™

(a) EZmatch is an instant-win feature associated with LUCKY MONEY that costs $1.00 per play in addition to the cost of the LUCKY MONEY ticket. A player selecting EZmatch will receive four EZmatch numbers and one Lucky Ball™ (LB) number printed below the LUCKY MONEY numbers on the ticket. If any of the first four EZmatch numbers match any of the first four LUCKY MONEY numbers, the player shall instantly win the
corresponding prize amount shown. If the EZmatch Lucky Ball (LB) number matches the Lucky Ball (LB) number, the player shall instantly win the corresponding prize amount shown.

(b) Players may play EZmatch by marking the applicable EZmatch box on the LUCKY MONEY playslip or by telling the retailer. Marking the EZmatch box within a panel will add EZmatch to only the panel marked. Marking the “EZmatch on all panels played” box will: (1) add EZmatch to every panel containing LUCKY MONEY number selections; (2) override the EZmatch box within any panel; and (3) when either the $5 or $10 “Quick Picks for next draw” box is also marked, result in each quick pick ticket printing separately with EZmatch.

(c) Each panel played with EZmatch will be printed on a separate ticket.

(d) The base prize structure and estimated odds of winning EZmatch are as follows:
