ENSURE LOTTERY RETAILERS UNDERSTAND THE IMPORTANCE OF UPHOLDING THE INTEGRITY OF THE FLORIDA LOTTERY THROUGH:

- Interaction with players and the general public
- The sale of lottery tickets
- Payment of prizes
THE FLORIDA LOTTERY’S MISSION IS PREDICATED ON:

• The public’s TRUST,
• CONFIDENCE, and
• TRANSPARENCY in our operations and activities.
THE FLORIDA LOTTERY OPERATES IN A FAIR AND SECURE MANNER. THE INTEGRITY OF ALL LOTTERY GAMES IS OF UTMOST IMPORTANCE.

- Per Section 24.102(2)(d), Florida Statutes, the Lottery is, “accountable to the Legislature and the people of the state through a system of audits and reports and thorough compliance with financial disclosure, open meetings, and public records laws.”
• Retailers shall not pay a player less than the full prize amount for a winning ticket.

• Retailers should return non-winning tickets to players.

• Retailers shall not pay prizes valued at $600 or more.
When winning Lottery tickets valued at $600 or more are presented, a retailer should:

- Instruct the player to immediately sign the ticket if they have not already done so.

- Direct the player to the local Lottery District Office or Lottery Headquarters to redeem the ticket.
  - For more information, the player can select the “How to Claim” tab at flalottery.com.

- Provide the player with the written instructions that are printed out at the time the ticket is validated.
• Retailers shall not sell Lottery tickets or pay prizes to any person under 18 years of age.

• Retailers must sell tickets at the price established by the Lottery.

• Retailers shall not charge a fee to redeem a Lottery ticket or require a customer to purchase another item in order to purchase a Lottery ticket.
The Florida Lottery’s approach to Responsible Gaming is a two-pronged message:

#1 – No Underage Play!

#2 – Play Within Your Means!

Lottery tickets aren’t child’s play. Lottery games are designed to be a fun, low-cost form of entertainment for those over the age of 18.
Retailer’s Role in Responsible Gaming

• Retailers are often the first and best line of defense against problematic play.

• Retailers are the most likely to recognize excessive or problematic play, especially in a regular customer.

• Retailers must prevent underage play by checking identification of players and date of birth.

• Retailers provide basic assistance to a customer experiencing difficulties and can therefore make a real difference in that person’s life.
